The FAA Safety Team presents:

Wildlife Hazards to Rotorcraft and Wildlife Strike Reporting Awareness at HAI HELI-EXPO 2016

This session will provide attendees with an understanding of the nature and scope of the hazards that helicopter operations face when they interact with wildlife. The presenters will share an analysis of recently reported wildlife strikes in both civil and military rotary-wing aircraft and offer potential solutions that will increase the safety of your flight operations. Don't miss this opportunity to increase your hazard awareness, develop skills to mitigate the risks associated with wildlife, and learn how to help others by participating in the data collection process.

This course is offered at the HAI Rotor Safety Challenge at HELI-EXPO 2016. These sessions are FREE to all HELI-EXPO 2016 registered attendees and exhibitors.

Attend at least six Rotor Safety Challenge sessions at HELI-EXPO 2016 and receive a certificate of recognition for completing the 2016 HAI Rotor Safety Challenge.

Take the Safety Challenge in three simple steps:

1. Select safety sessions to attend from the HAI
Rotor Safety Challenge Schedule. To see the full
Safety Challenge schedule, visit
http://www.rotor.com/takethechallenge.

2. At the conclusion of each session, receive an official token from the room monitor or presenter.

Event Details

Wed, Mar 2, 2016 - 14:15 EST Kentucky Exposition Center

937 Phillips Ln South Wing C Louisville, KY 40209

Contact: HAI 703-683-4646 education@rotor.org

Select #: EA2567280
Representative Anne Nevel

3. Once you have earned at least six tokens, drop by the HAI Safety Committee Booth on the show floor, turn in your chips to a committee member, and immediately receive a certificate of recognition.

For more information and questions contact HAI at 703-683-4646, education@rotor.com, or visit: http://www.rotor.com/takethechallenge.

Directions: South Wing C

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
